Education

Bachelor of Arts in
Anthropology,
University of California, 2018

Key skills

Fieldwork: Proficient in excavation techniques, including shovel testing, unit excavation, and feature recording.

Surveying: Experienced in conducting archaeological surveys using GPS and total station equipment.

Artifact Analysis: Skilled in artifact identification, cleaning, cataloging, and basic laboratory procedures.

Site Documentation: Familiar with site mapping, photography, and field note documentation.

Cultural Resource Management: Knowledgeable about regulatory requirements and compliance procedures for archaeological fieldwork.

Team Collaboration: Effective communicator and team player

Objective

Motivated and detail-oriented archaeologist's field technician with a strong passion for fieldwork and cultural heritage preservation. Seeking opportunities to contribute to archaeological research projects and gain valuable hands-on experience in excavation, surveying, and artifact analysis.

Experience

Archaeologist's Field Technician, Heritage Archaeological Services, 2019-Present

- Participated in archaeological field surveys and excavations across various project sites in California.
- Conducted shovel testing, unit excavation, and soil stratigraphy analysis.
- Assisted in artifact processing, including cleaning, sorting, and cataloging.
- Contributed to the preparation of field reports, site records, and documentation for regulatory compliance.

Field Crew Member, Dig Deep Archaeology, 2018-2019

- Assisted in archaeological surveying and site mapping using GPS and total station equipment.
- Participated in excavation units and conducted fieldwork under the supervision of senior archaeologists.
- Helped maintain field equipment and ensure adherence to safety protocols.
- Engaged in team meetings and collaborated with colleagues to achieve project goals.

Internship, State Archaeological Museum, Summer 2017

- Assisted museum staff in artifact inventory, documentation, and storage procedures.
- Participated in museum outreach events and educational programs.

with experience working in multidisciplinary teams in remote field locations.

- Conducted research on archaeological collections and assisted in exhibit development.

Field Technician Intern, Coastal Archaeological Research Institute, Spring 2017

- Assisted in coastal archaeological surveys and shoreline assessments.
- Conducted beach erosion monitoring and identified potential archaeological sites.
- Documented findings and assisted in data analysis for research reports.
